BARNIZ CALCOMANIA (STICKER/DECAL VARNISH) Code ID. 4003

It is a varnish mineral turpentine alkyd ink to apply on synthetic ink prints (SERIMATE, ENAMEL INK or POLIPRINT), or to mix with these to lower the intensity of the colours or to increase the gloss of these.

This product can be used as a base for sliding decals/stickers. It has a 24 hour drying time and is diluted with mineral turpentine or REDUCTOR 140 (REDUCER 140).

IMPORTANT NOTE

- I. The inks formulated by Pintesint SAICyF must be used exclusively with the solvents and the complementary products that it manufactures for that purpose. Due to the diversity of products in the market, the company is not responsible for the use of the same from another source.
- II. The suggestions and data of this literature were elaborated in good faith, to guide the user. We recall the importance of checking the adaptability of inks and complementary products by testing before starting production. Due to the fact that the conditions of use of the products are not under our control, the present does not constitute a guarantee on the work to be done.
